11 students injured after tumbling down escalator at Edo Tokyo Museum

Tuesday, November 7, 2006, Japan Today

TOKYO — Eleven students were injured Tuesday afternoon after going down one after the other like **dominoes** on an escalator at Edo Tokyo Museum in Sumida Ward. The 6th graders from Yugawara Elementary School were on their field trip, said officials. Shortly after noon, one student suddenly stopped at the end of the **escalator** going down, causing students behind her to lose their balance.
